ADDENDUM 2

RESPONSES TO QUESTIONS ASKED AS OF 10/07/2020

1. Q: Under Gauges and Instruments: Does the machine have to be keyless start machine?

A: The City of Fairmont prefers a keyless start machine.

2. Q: Under Performance Characteristics: Spec for Hydraulic Pump Flow is 18gpm. This is a standard flow machine spec. Please confirm which one is preferred.

A: High Flow Hydraulic Pump Flow is needed.

3. Q: Asphalt cold planer: Can you confirm the width of the cold planer?

A: The cold planer should be 24" wide.

4. Q: Under Hydraulics: Can you clarify the loader arm, bucket & auxiliary hydraulic lockout system.

A: There is a lock out button inside the cab to engage or energize the functions.

5. Q: Under Operator Protection/Comfort: Can you confirm a vinyl or a cloth seat?

A: A vinyl seat is more preferred but open to either one.
